

**The Salvation Army,
Peacehaven Group**

Where am I?

1. Long-term Nursing Home (General + Dementia)
2. Nursing Home Respite Care (NHRC)
3. Chronic Sick Services (CSS)
4. Centre-based Integrated Home & Day Centre (IHDC)
5. Weekend Respite Care (CBWRC)
6. Arenas

The Salvation Army, Peacehaven

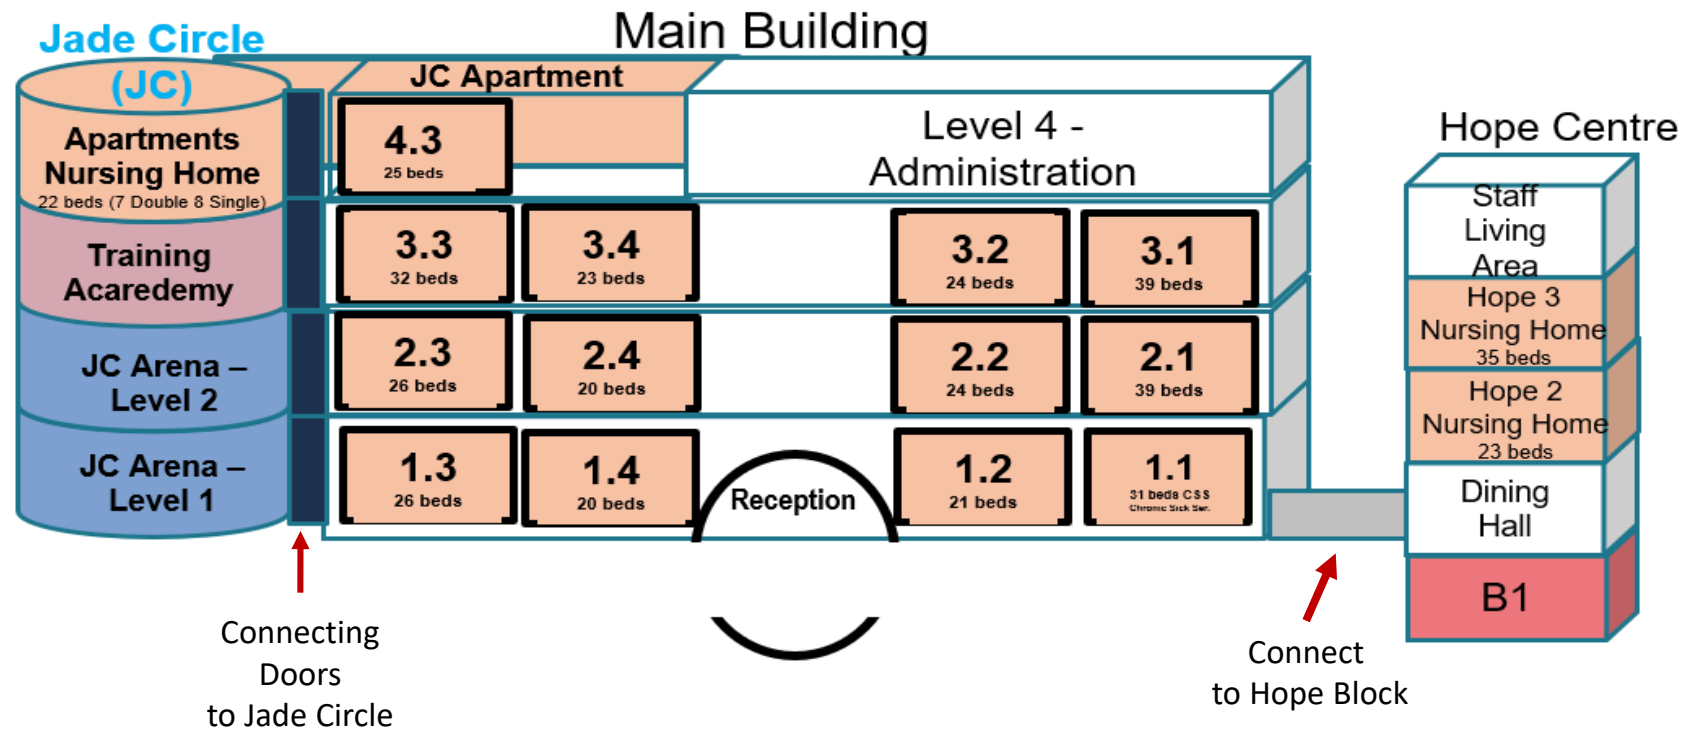

Hoist Walking Track

- Reduce 1 manpower and opportunity to hire older person
- Enable residents to continue to ambulate

4 Storey Building

For illustration purpose only
Do not represent actual size and design

iRobot – Delivery of food

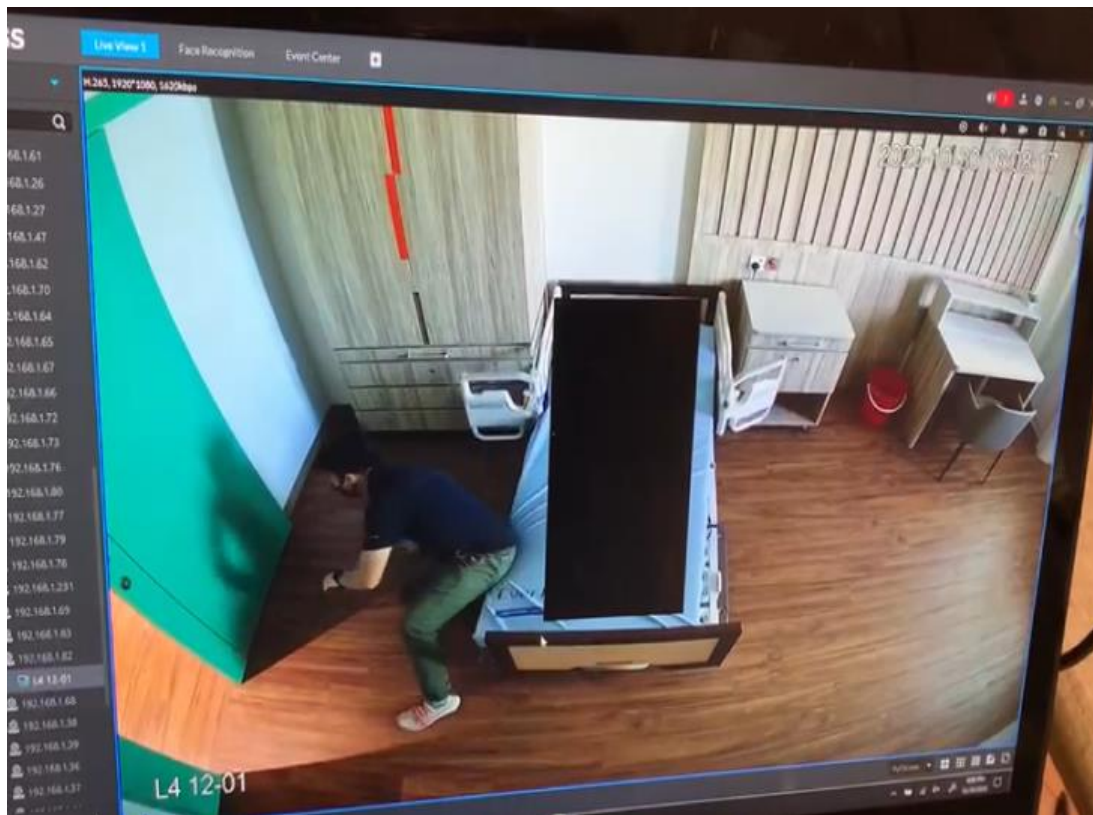

- Reduce manpower by 30%
- Productivity gain and support difficult time eg. Covid 19.

Jade Circle - Apartment

Fall Detection

Jade Circle - Arena

Earn and Spend

“ Earn and Spend” reward system to encourage the residents / clients to participate in activities and exercise.

Factor for Successful Implementation

1. Manpower : Understand the support that they need.
(Why & how this will support them)
2. Managing change by leading the way themselves through a period.
(Give assurance, check/experience setback if any)
3. Manage the stakeholders on the sustainability model.

Thank You
